Letter of Intent

Combitech Software AB (CS) herewith declares the intention to take active part in the research project DEEDS (Design of Embedded Distributed Systems). CS will contribute accordingly:

1. Work amount corresponding to 400 000 SEK over a period of 4 years.
2. Opportunity for research personnel to use CS office facilities for temporary work.
3. Participating in the project reference group.
4. Opportunity to interview CS personnel.
5. Identification of appropriate case studies among CS customers.
6. Arrangement of seminars where research results can be presented.

Contact Johan Hellqvist and Thomas Strömqvist at CS in Stockholm for more information.

For Combitech Software,

Bo Hagerf, Manager Combitech Software Stockholm
