

Letter of Support

Axis Communications AB will support the project

“Software DSM – New Applications and Scalability”

headed by Mats Brorsson at the Department of Teleinformatics at the Royal Institute of Technology in Stockholm. The support will take the form of

1. A reference group for discussions around the project.
2. Hardware for building a test system with up to 260 processor nodes for the project.

Contact person at Axis Communications AB will be Bengt-Arne Molin.

Axis Communications AB reserves the right to withdraw the support if the project is cancelled or does not receive funding.

Axis Communications AB reserves the right to approve further involvement in the project by other industrial partners.

Axis Communications AB reserves the right to withdraw the support if such involvement is made without the approval from Axis Communications AB.

LUND, May 10, 2000

A handwritten signature in black ink, appearing to read "Kenneth Jonsson". The signature is fluid and cursive, written over the printed name.

Kenneth Jonsson
Director of Research and Core Technology
